

*Harris Island* is actually a peninsula surrounded by historic York Harbor on two sides, and a boundless view of the

Atlantic Ocean on the other.

This breezy atmosphere sets the

perfect scene

for your wedding day.

Your guests will convene on the front lawn overlooking the ocean, and you will begin your celebration. Following the ceremony, hor d'oeuvres and cocktails are served right on the front lawn. After a champagne toast on the inn porch, your guests can explore the gardens as they find their seats on one of the restaurant porches or in the bi-level dining room.

Our creative and delicious food along with friendly service will top off your special day; your friends and family will remember it for years to come.

What a way to start your life together. . .
